Cavity Slider Solutions

Corinthian's Slimline range is the ultimate space saver allowing you to utilise the floor and wall area that traditional doors cover. Incorporating leading edge technology in the track and roller system, now you don't have to compromise design aesthetics. Corinthian offers a range of cavity door solutions for standard sized doors (Slimline 3000), floor to ceiling height doors (Slimline 9000), heavy timber and custom doors (Slimline 6000).

Features

- Can accommodate doors up to 125kg in weight.
- Can accommodate doors in standard heights of 2040mm and 2340mm as well as custom door heights and a wide range of widths.
- Easy removal of doors for painting or staining.
- Available in single or double openings.
- The roller mechanism is smooth and rattle free when in use and operates on a jump-proof twin roller track.

Note: Slimline 3000 maximum door weight 65kg, standard door heights 2040mm and 2340mm only.
